Profile

Innovative Instructional Designer with over 15 years of learning design and multimedia experience. Skilled in designing and developing immersive educational content from concept to delivery, with a focus on leveraging emerging technologies to enhance learning outcomes.

Experience

Instructional Designer

University of Georgia College of Pharmacy, Athens, GA
February 2012 - Present

- Works with research and clinical faculty to design and develop multimedia learning projects for myriad educational purposes and applications.
- Demonstrates and promotes the alignment of learning outcomes with learning activities and assessments.
- Recommends and consults on active learning strategies that address a diversity of abilities and backgrounds.
- Acts as college-wide collaborative administrator for UGA's LMS.
- Provides advice and expertise in the development of distance learning courses and special projects.

Multimedia Specialist

University of Georgia Center for Teaching and Learning, Athens, GA
April 2006 - January 2012

- Produced, shot and edited projects for faculty and student clients across campus.
- Developed motion graphics and multimedia for video and web-based projects.
- Consulted with various clients on audiovisual technology for classroom and field use.

Videographer/Editor

KNPB Channel 5; Reno, NV
January 2005 - March 2006

- Worked as the primary videographer on two nationally distributed, locally produced PBS television series.
- Edited packages for the station's public affairs program.
- Wrote and produced weekly packages for the station's legislative/current events program.
- Maintained the studio; hung lights, designed sets, ran cables.
